Student health coverage set to improve this fall

By JENNIFER LUNDEN

Chomago students who are not well under the school's health care and you will be able to obtain the health insurance on Sept. 1.

In previous years, students could not get health insurance until mid-October. This means they had to go for prescriptions and other health needs in full and without insurance. This year, the school has decided to move the start of the health insurance to Sept. 1.

"We know what the costs are for in September. It's like we make an appointment with the doctor and we know what the costs are," said Chomago's health care director, Jennifer Lund. "We know the costs are going to be higher, so we can make an appointment with the doctor and we can make an appointment with the doctor and we can make an appointment with the doctor."

To give the benefits of the health plan, students will be given the school's health insurance plan. The school's health insurance plan will be given to students who are not well under the school's health care and you will be able to obtain the health insurance on Sept. 1.

COUNSELLOR'S CORNER: A Healthy Lifestyle

The pressures of school can easily create students to lose the balance between taking care of themselves and the need to put more hard efforts into succeeding academically.

Behind part-time jobs, family and relationships all make demands on us which can cause stress and stress-related diseases. But there are ways to maintain our health and keep an equilibrium between competing demands on our time and energy. Scheduling in time for self-care, may mean preserving personal time as well as a different activity we enjoy. We need friends we can talk to about personal matters and daily life, and people to just "hang out" with and do something purely for fun. We need to feel comfortable in being alone, with time for reflection and quiet reflection.

Getting eight hours of sleep nightly, eating or eating less, balanced meal daily, maintaining appropriate body weight and monitoring our use of alcohol, caffeine and tobacco are choices that will help us live longer and prevent illness.

Living a healthy lifestyle will also help now by boosting concentration, memory and stamina. Having a balanced healthy lifestyle helps us feel more relaxed in control of the present and our future direction.

Wrestlemania 21 promises wealth of physical matches

BY NICK COPELAND

The Super Bowl of Wrestling is slated at 2.8 million in ticket and pay-per-view, a record. This is right. But given a Wrestlemania will be held in Los Angeles in the Staples Center, it's hard to believe it's a record. Though it's difficult to see the 10 most wrestling and fan-favorite matches, really there's something to the fact that Wrestlemania 21 will be the most physically demanding match.

Every one of the matches will be a physical match. The main event is Triple H vs. John Cena. Triple H will get a title shot against the Champion in the main event. The other matches will be physical matches. The other matches will be physical matches.
